Endorsed for Edexcel Develop your students' knowledge of the foundations of modern psychological understanding with this detailed textbook for Edexcel AS and A level Psychology, with targeted activities and clear explanations to build practical, mathematical and problem-solving skills Written by experienced author and examiner Christine Brain, this AS and year one A level textbook is fully mapped to the new Edexcel specification. - Helps students build their confidence in practical, mathematical and problem-solving skills through well-presented explanations and activities - Develops understanding and helps each student reach their potential with the essential information covered in a clear, logical format, supported by illustrations, questions and extension tasks - Supports you and your students through the new specification, with accessible coverage of all the key areas of Psychology for AS and year one of A level - Encourages your students to develop their interest in Psychology and its applications, with extension tasks and relevant content

Written by a senior examiner, Christine Brain, this Edexcel A2 Psychology Student Unit Guide is the essential study companion for Unit 3: Criminological and Child Psychology.This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade

Reinforce understanding throughout the course with clear topic summaries and sample questions and answers to help students target higher grades. Written by experienced teacher and subject expert Christine Brain, our Student Guides are divided into two key sections - content guidance, and sample questions and answers. Content guidance will: - - Develop understanding of key concepts and terminology; this guide covers foundations in psychology: social psychology, cognitive psychology, biological psychology and learning theories. - - Consolidate knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - - Build understanding of the different question types, so that students can approach each question with confidence. - - Enable students to target top grades in Paper 1 with sample answers and commentary explaining exactly why marks have been awarded.

Exam Board: Edexcel Level: AS/A-level Subject: Psychology First Teaching: September 2016 First Exam: June 2017 Build your students' knowledge and understanding of Psychology and its applications with this Edexcel Psychology for A level textbook and develop their practical and research method skills through activities, clear explanations and extension tasks to engage students with the subject Written by experienced author and examiner Christine Brain, this A Level textbook is fully mapped to the new Edexcel specification. - Helps students build their confidence in practical, mathematical and problem-solving skills through well-presented explanations and activities - Develops understanding and helps each student reach their potential will the essential information covered in a clear, logical format, supported by illustrations, questions and extension tasks - Supports you and your students through the new specification, with accessible coverage of all the compulsory and optional applied topics for A level - Encourages your students to further their interest in Psychology and its applications, with extension tasks and relevant content

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers. There are three sections to each guide: Introduction - includes advice on how to use the guide, an explanation of the skills being tested by the assessment objectives, an outline of the unit or module and, depending on the unit, suggestions for how to revise effectively and prepare for the examination questions. Content Guidance - provides an examiner's overview of the module's key terms and concepts and identifies opportunities to exhibit the skills required by the unit. It is designed to help students to structure their revision and make them aware of the concepts they need to understand the exam and how they might analyse and evaluate topics. Question and Answers - sample questions and with graded answers which have been carefully written to reflect the style of the unit. All responses are accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.
