Faculty agree the accounting cycle is the most critical concept to learn and master for students studying financial accounting. Libby/Libby/Hodge believes students struggle with the accounting cycle when transaction analysis is covered in one chapter. If students are exposed to the accounting equation, journal entries, and T-accounts for

Libby/Libby/Hodge believes in the
building-block approach to teaching
transaction analysis. Most faculty agree
that mastery of the accounting cycle is
critical to success in financial accounting.
And yet all other financial books introduce
and develop transaction analysis in one
chapter, bombarding a student early in the
course with an overload of new concepts
and terms.
