Cardiopulmonary Resuscitation (CPR) and Emergency Cardiac Care (ECC), Advanced First Aid, CPR, and AED, Seventh Edition is ideal for use within college-level courses designed to certify individuals in first aid, CPR, and AED.

When an emergency strikes, knowing what to do is critical. That is why the ECSI First Aid, CPR and AED course is invaluable. First Aid, CPR, and AED Standard is the center of an integrated teaching an

For more than 15 years, students have relied on First Aid to pass the USMLE; now, for the first time, they can get this trusted name for Orthopaedic specialty board preparation The orthopaedic license exam is given in July; the yearly in-service exam is given in November A true one-stop study resource Audience includes Orthopedic residents preparing for their in-service exam, residents seeking board certification, and 40,000 orthopedic surgeons who are required to take the recertification exam

This manual is developed for use within advanced first aid, CPR, and AED training courses offered through Emergency Care & Safety Institute. Based on the 2015 International Consensus Guidelines for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiac Care (ECC), Advanced First Aid, CPR, and AED, Seventh Edition is ideal for use within college-level courses designed to certify individuals in first aid, CPR, and AED.

The Wilderness First Aid Field Guide covers the basic medical procedures you need to prepare for in the event of an emergency while in an isolated area. Based on the latest first aid and CPR guidelines, it covers general emergency medical procedures as well as specific symptoms and accidents. This pocket sized, spiral bound, and water resistant field guide is an essential resource for anyone in a remote area. Well-organized and thorough, the Wilderness First Aid Field Guide also discusses preventative measures and responsible outdoor behavior.

Preceded by Wilderness first aid / Howard D. Backer [and 5 others]. 4th ed. 2015.

Completely updated and revised to include the 2005 guidelines for cardiovascular resuscitation (CPR) and emergency cardiovascular care (ECC), CPR and AED, Fifth Edition integrates the training of CPR and AED into one simple program. This program teaches basic life support and addresses breathing and cardiac emergencies in caring for adults, children, and infants. It is also designed to facilitate the efficient training, testing, and retesting in the use of automated external defibrillators (AEDs).
