Pros of Immigration. 1. Increased economic output and living standards. Net immigration will lead to a growth in the size of the labour force and an increase in the productive capacity of the economy. Immigration leads to higher economic growth with a corresponding rise in tax revenues and potential for government spending. 2. Potential entrepreneurs. It is argued that immigrants often arrive with little wealth so have a greater incentive to try and make something for themselves.

~~Pros and cons of Immigration — Economics Help~~

U.S. immigration policy is highly controversial. Most of the debate centers around the economic impacts, security risks, and humanitarian concerns. As a result, U.S. immigration policy is a hodge-podge of laws, court decisions, and executive orders. That allows each president to change policies without Congress.
