Russian Elegance: Country & City Fashion from the 15th to ...

This is a really lovely book on the fashion in the Russian State Historical Museum. It differs from a lot of other Russian fashion

books in that it has a large section of historical costume worn by the peasants and middle class in the country.

The country had plans to build an ambitious 12,400-mile superhighway linking the Atlantic and the Pacific. 45. It is home to Europe ' s longest river, the Volga, at 3,690km (2,293 miles).

This beautifully illustrated book shows examples of Russian dress and accessories from the 15th to the early 20th century. Derived from the collection of the State Historical Museum and covering both dress worn in the countryside and in the city, this book is a fabulous feast of splendid patterns and fine detail. From exuberantly colourful and embellished dresses to elegantly sumptuous brocades and silks, the garments and accessories included in this book are an inspiration. In the first part of the book we look at traditional Russian dress which was worn by all Russian peasants, by the urban petit bourgeoisie and by merchants. This type of clothing became accepted as national dress. In the towns and cities, dress was influenced by the Parisian styles but interpreted by Russian seamstresses reflecting the love of bright colours, multi-coloured patterns and decorative features in evidence in traditional dress. In the second part of the book we see examples of the Paris-inspired urban dress. With authoritative essays written by experts L. V. Yefimova and T. S. Aleshina, Russian Elegance is an invaluable resource for fashion designers, artists, fashion historians, set and costume designers, or anyone interested in these beautiful designs.

From BBC television and radio presenter Amber Butchart, *The Fashion Chronicles* is an exploration of 100 of the most fascinating style stories ever told. From Eve's fig leaf to Hilary Clinton's pantsuit, the way we choose to clothe our bodies can carry layer upon layer of meaning. Across cultures and throughout history people have used clothing to signify power and status, to adorn and beautify, even to prop up or dismantle regimes. Here, explore the best-dressed figures in history, from Cleopatra to Beyoncé, Joan of Arc to RuPaul. Some have influenced the fashion of today, while some have used their clothing to change the world. But all have a sartorial story to tell. Entries include: Tutankhamun Boudicca Eleanor of Aquitaine Genghis Khan King Philip II of Spain King Louis XIV of France Catherine the Great Marie Antoinette Karl Marx Amelia Earhart Josephine Baker Frida Kahlo Malcolm X Marsha Hunt Beyoncé Chimamanda Ngozi Adichie ...and many more

This two-volume set presents information and images of the varied clothing and textiles of cultures around the world, allowing readers to better appreciate the richness and diversity of human culture and history. • Contributions from over 50 experts in their field • Dozens of photographs • A bibliographic listing of further reading and references with each section

Besides products and services multinational corporations also sell myths, values and immaterial goods. Such » meta-goods « (e.g. prestige, beauty, strength) are major selling points in the context of successful marketing and advertising. Fashion adverts draw on deeply rooted human values, ideals and desires such as values and symbols of social recognition, beautification and rejuvenation. Although the reference to such meta-goods is obvious to some consumers, their rootedness in philosophical theories of human nature is less apparent, even for the marketers and advertisers themselves. This book is of special interest for researchers and students in the fields of Cultural Studies, Media Studies, Marketing, Advertising, Fashion, Cultural Critique, Philosophy, Sociology, Anthropology and Psychology, and for anyone interested in the ways in which fashion operates.

Winner of the Chicago Tribune ' s 2013 Heartland Prize A critically acclaimed history of Chicago at mid-century, featuring many of the incredible personalities that shaped American culture Before air travel overtook trains, nearly every coast-to-coast journey included a stop in Chicago, and this flow of people and commodities made it the crucible for American culture and innovation. In luminous prose, Chicago native Thomas Dyja re-creates the story of the city in its postwar prime and explains its profound impact on modern America—from Chess Records to Playboy, McDonald ' s to the University of Chicago. Populated with an incredible cast of characters, including Mahalia Jackson, Muddy Waters, Howlin ' Wolf, Chuck Berry, Sun Ra, Simone de Beauvoir, Nelson Algren, Gwendolyn Brooks, Studs Turkel, and Mayor Richard J. Daley, *The Third Coast* recalls the prominence of the Windy City in all its grandeur.

This “melodious” mix of music, history, and travelogue “reveals a story inextricably linked to the drama of Russia itself . . . These pages sing like a symphony.” —*The Wall Street Journal* Siberia ' s story is traditionally one of exiles, penal colonies, and unmarked graves. Yet there is another tale to tell. Dotted throughout this remote land are pianos—grand instruments created during the boom years of the nineteenth century, as well as humble Soviet-made uprights that found their way into equally

modest homes. They tell the story of how, ever since entering Russian culture under the westernizing influence of Catherine the Great, piano music has run through the country like blood. How these pianos traveled into this snowbound wilderness in the first place is testament to noble acts of fortitude by governors, adventurers, and exiles. Siberian pianos have accomplished extraordinary feats, from the instrument that Maria Volkonsky, wife of an exiled Decembrist revolutionary, used to spread music east of the Urals, to those that brought reprieve to the Soviet Gulag. That these instruments might still exist in such a hostile landscape is remarkable. That they are still capable of making music in far-flung villages is nothing less than a miracle. *The Lost Pianos of Siberia* follows Roberts on a three-year adventure as she tracks a number of instruments to find one whose history is definitively Siberian. Her journey reveals a desolate land inhabited by wild tigers and deeply shaped by its dark history, yet one that is also profoundly beautiful—and peppered with pianos. “An elegant and nuanced journey through literature, through history, through music, murder and incarceration and revolution, through snow and ice and remoteness, to discover the human face of Siberia. I loved this book.” —Paul Theroux

The Soviet Union was not renowned for its fashionable clothing. However, after the World War II the Soviet Government opened several parallel organizations of fashion design with fashion houses and ateliers all over the country. The post-war decades witnessed hot debates on destalinization, economic and social reforms and the increasing importance of the public opinion. The cold war and the peaceful competition between the two systems left their marks on clothes fashion. Fashion offers a good insight into Soviet economic planning. Despite increasing opulence, Soviet consumers were not satisfied. Soviet experts on fashion propagated small series of fashionable clothing and the opening of boutiques which never seriously challenged industrial mass production. Using a great variety of unique historical sources the book analyzes the changing economic, social and cultural conditions of Soviet fashion which faced many problems but had real achievements to show too.

A professor, critic, and insatiable reader, Jenny Davidson investigates the passions that drive us to fall in love with certain sentences over others and the larger implications of our relationship with writing style. At once playful and serious, immersive and analytic, her book shows how style elicits particular kinds of moral judgments and subjective preferences that turn reading into a highly personal and political act. Melding her experiences as reader and critic, Davidson opens new vistas onto works by Jane Austen, Henry James, Marcel Proust, and Thomas Pynchon; adds richer dimension to critiques of W. G. Sebald, Alan Hollinghurst, Thomas Bernhard, and Karl Ove Knausgaard; and allows for a sophisticated appreciation of popular fictions by Stephen King, Neil Gaiman, Lionel Shriver, George Pelecanos, and Helen DeWitt. She privileges diction, syntax, point of view, and structure over plot and character, identifying the intimate mechanics that draw us in to literature's sensual frameworks and move us to feel, identify, and relate. Davidson concludes with a reading list of her favorite titles so others can share in her literary adventures and get to know better the imprint of her own reading style.

Every summer, young Andrei visits his grandmother, Charlotte Lemmonier, whom he loves dearly. In a dusty village overlooking the vast Russian steppes, she captivates her grandson and the other children of the village with wondrous tales—watching Proust play tennis in Neuilly, Tsar Nicholas II's visit to Paris, French president Felix Faure dying in the arms of his mistress. But from his mysterious grandmother, Andrei also learns of a Russia he has never known: a country of famine and misery, brutal injustice, and the hopeless chaos of war. Enthralled, he weaves her stories into his own secret universe of memory and dream. She creates for him a vivid portrait of the France of her childhood, a distant Atlantis far more elegant, carefree, and stimulating than Russia in the 1970s and '80s. Her warm, artful memories of her homeland and of books captivate Andrei. Absorbed in this vision, he becomes an outsider in his own country, and eventually a restless traveler around Europe. *Dreams of My Russian Summers* is an epic full of passion and tenderness, pain and heartbreak, mesmerizing in every way.

The mega-bestseller with more than 2 million readers, soon to be a major television series From the #1 New York Times-bestselling author of *The Lincoln Highway* and *Rules of Civility*, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.
