Bombs fell. Billions died. Now you must pick up the pieces and rebuild this Broken Earth. Broken Earth is an adventure setting that takes place in a post-apocalyptic version of Earth. It deals with a small fraction of the world, what was once the northern Midwest of the United States, and a tiny bit of southern Central Canada. As an adventure setting, Broken Earth includes many compelling locations and adventures, but also gives the heroes freedom to explore the world. The book gives the GM everything you need to run a prolonged campaign in the Broken Earth setting, including locations, NPCs, plot points, mutant monsters, and a detailed first adventure that brings the party together.

It takes more than a cape and a costume to be a hero. It takes guts, determination, and the willingness to sacrifice. It takes even more to be a super hero. For with these amazing powers comes the responsibility to stand up to the greatest evils, protect the oppressed, and occasionally, save the world... or rule it! The Savage Worlds Super Powers Companion contains new edges and hindrances, setting rules like death & defeat and power stunts, gear, rules for headquarters, a rogue's gallery of insidious villains, and of course a host of streamlined super powers ready for action. The Super Powers Companion requires the Savage Worlds Core Rulebook to play.

The world is drowning. The natives say three witches in Ograpog were sentenced to death directly by King Amemnus, drowned by the rising tide. With their dying breath, they cursed Caribbus, the land itself, to drown as they were, to drown in fifty fathoms of cold dark sea. The people of Caribbus are adapting to their wet new world. Crab-like scurrillions, massive grael, lonely doreen, mysterious kraken, cruel kehana, and the nigh-human masaquani now sail the seas aside the new visitors, humans from the age of piracy, dashing corsairs, bloodthirsty buccaneers, and savage sea dogs drawn from the mists of earth on unfamiliar tides. Many believe these visitors to be destined to defeat the Sea Hags and save Caribbus from a watery grave, but most seem interested only in joining the plunder of forgotten treasures in a drowning world. This new Explorer's Size edition of the classic and much-loved 50 Fathoms includes the updated text of the original game, plus the 50 Fathoms Companion, all compatible with Savage Worlds Deluxe and beautifully colored by three-time Hugo Award winning artist Cheyenne Wright! Fifty Fathoms is not a complete game. You'll also need the Savage Worlds core rulebook to play.
