Strategize+Roman Pichler

A product strategy is a high-level plan describing what a business hopes to accomplish with its product, and how it plans to do so. This strategy should answer key questions such as who the product will serve (personas), how it will benefit those personas, and what are the company's goals for the product throughout its lifecycle.

What is a Product Strategy? | Definition and Overview

A good product vision should be focused on the long-term outcomes and benefits you'd like to see in your product. Or as Roman Pichler put it in his book, *Strategize: Product Strategy and Product Roadmap Practices for the Digital Age*, your "vision describes the ultimate reason for creating the product."

How to Use Your Product Strategy and Vision to Plan The---

Rather than working in the day-to-day design of a product, strategists conduct research and propose strategies for product lines and total business development.

Product Strategist vs. Product Manager – Study.com

Before you get too far down the path of creating a product strategy and building a product roadmap based on your gut, your executive team's thoughts, or even market research, go out and talk—and more important still, listen—to what your users tell you they want. 2. Develop a high-level product vision before mapping out your product strategy.

5 Steps to a Winning Product Strategy | ProductPlan
