There are two different pages that will help kids write the words of each body part. There is also a do-a-dot for each of the beginning letters of the words. There is also a diagram of the body with each part labeled. This is helpful for children to not only know the name of the body part but to place it on a body as well. Recommend Human Body Kits

## Parts of the Body Worksheets for Kids Is A Fun Way To ...

Teaching body parts to toddlers or young kids brings its own set of challenges. Many kids do learn to point to the right parts or indicate their presence in different ways. It is necessary to bundle up private parts along with these as well, so as to not build up any sense of confusion or doubt in the child's mind about the existence of a body part he does not understand.

## 6 Ways to Teach about Body Parts to Toddlers & Preschoolers

The approximate order of when I would teach them is: Basic body parts. head; finger; mouth; nose; eye; ear; hair; hand; foot; leg; arm; teeth; Slightly higher level body parts/Pre-Intermediate body parts. thumb; tooth; lip; tongue; cheek; toe; shoulder; knee; tummy/stomach/belly; neck; back; bottom; little finger/pinkie; Medium level body parts. belly button; skin; beard; chin; Higher level body parts

Parts of a Tree: Roots: The roots are the part of the tree that grows underground. Trees have a lot of roots -- the size of the root system is usually as big as the part of the tree above the ground. This is necessary because the roots help support the tree. It takes a lot of roots to hold up a 100 foot tree!

1. Teach the body vocab Depending on the age / level of your students you may want to teach a just few words per class, building up to the full 8 words over a series of lessons. Prepare flashcards of the parts of the body used in the song. Slowly reveal each flashcard card and have your students touch their part of the body (so, when you show the "head" flashcard get everyone to touch their heads).

## Parts of the Body Lesson Plan for ESL Kids Teachers

Teaching a child to read begins at birth with the reinforcement of pre-literacy skills. Nonetheless, most kids will officially learn to read between the ages of 5 and 7. One of the most common ways to teach reading is via the sounding out method in which kids are encouraged to read aloud, pronouncing each letter or group of letters until they recognize the word by sound.

## 10 Steps for teaching children to read

To teach children age 2-6, try to use visual and tactile aids whenever possible since kids this age learn best when they can process information using multiple senses. For example, you can use pictures and charts for visual aids and physical materials like
