Little Black Book Meaning. Definition: A personal notebook or contacts or journal full of secrets. As with many English idioms containing the word black, this one refers to something mysterious or even potentially shameful. People may refer to a journal or part of a journal as their black book or little black book. This means that it is full of personal secrets and private information that might be embarrassing if it were to be shared.

Like Hans Christian Andersen and the Brothers Grimm, Isak Dinesen and Angela Carter, A. S. Byatt knows that fairy tales are for grownups. And in this ravishing collection she breathes new life into the form. Little Black Book of Stories offers shivers along with magical thrills. Leaves rustle underfoot in a dark wood: two middle-aged women, childhood friends reunited by chance, venture into a dark forest where once, many years before, they saw—or thought they saw—something unspeakable. Another woman, recently bereaved, finds herself slowly but surely turning into stone. A coolly rational ob-gyn has his world pushed off-axis by a waiflike art student with her own ideas about the uses of the body. Spellbinding, witty, lovely, terrifying, the Little Black Book of Stories is Byatt at the height of her craft.

The essential career handbook for creative working women. ‘A compact gem’ Stylist

Brooklyn has been happily settling into married life when a little black book arrives in the mail on a quiet Saturday afternoon. The book is a rare British first edition of Rebecca, and inside, Brooklyn finds a note from her old friend Claire Quinn, asking her to restore it to its former lustre. The day after the book arrives, Claire shows up at Brooklyn and Derek's home - in disguise. She believes her life is in danger. She's afraid that her past is catching up to her. When Claire was only nine years old, she witnessed several men, one of whom was her father, planning a terrible crime. Can Brooklyn page through the clues to keep her friend's past from destroying their future?

Innovation transforms companies and markets. It's the key to solving vexing social problems. And it makes or breaks professional careers. But for all the enthusiasm the topic inspires, the practice of innovation - how to do it-has remained stubbornly impenetrable. No longer. In The Little Black Book of Innovation, leading thinker Scott D. Anthony draws from research, Innosight fieldwork with global giants such as Procter & Gamble, and personal experience launching and investing in start-up companies to demystify the discipline of innovation. With wit and remarkable insight born of years of both leading and teaching innovation, Anthony presents a simple definition of the concept, breaks down the essential differences between its various types, and illuminates its vital role in organizational success and personal growth.

Discover the best things to see and do in New York, with extra details on "Top Picks" attractions, places to eat, drink, shop, and sleep, where to take the kids - the whole shebang! This invaluable "mentor in your pocket" by three dynamic and successful black female executives will help all black women, at any level of their careers, play the power game—and win. Rich with wisdom, this practical gem focuses on the building blocks of true leadership—self-confidence, effective communication, collaboration, and courage—while dealing specifically with stereotypes (avoid the Mammy Trap, and don't become the Angry Black Woman) and the perils of self-victimization (don't assume that every challenge occurs because you are black or female). Some leaders are born, but most leaders are made—and The Little Black Book of Success will show you how to make it to the top, one step at a time.

Your go-to-guide to delivering effective and transformative change that lasts All too often, change efforts fail to deliver on their promise. However it is possible to turn an organization around quickly to create a new future – one where people think and behave differently and deliver extraordinary results together. Whether you are the chairman, a board director or an aspiring senior executive, The Little Black Book of Change provides a practical, concise and insightful guide to understanding your organization and inventing something extraordinary. It is not about 'run of the mill' change programmes. It is about delivering extraordinary results – something that is not at all predictable. It will be your insight into creating significant shifts in the way people think and behave which can be applied in any area you wish; from improving service levels to cost reductions, innovation or increasing market share. Demystifies organisational transformation in 7 practical steps Based on real business case studies Grounded and accessible, rather than purely from theoretical models or processes The authors have 25 years' experience of implementing and facilitating transformations change Visit http://www.littleblackbookofchange.com/

A smart, small book for any manager’s pocket. In every manager’s career there are moments wheredecisions need to be made in order to achieve success and thissmart, nicely packaged little book can be there to help each time.The trick to succeeding in these moments is to identify each ofthese situations ahead of time and understand how to act and whatto do to reduce the chances of failure. That is exactly what TheLittle Black Book for Managers has done. The authors havelisted a whole host of situations most managers face, based onthousands of personal experiences, and have mapped out how to dealwith each situation. The book contains specific examples of wordsand phrases that can be used as well as illustrations and exercisesto analyse your current performance. It is short on waffle and highon practical wisdom. It is designed to be dipped in and out of– reached for whenever a situation arises. This is apractical support tool for managers at all levels, from shop-floorsupervisor to main board director. The Little Black Book for Managers explains how to dealwith scenarios such as; Having a lack of confidence to deal with other people in theway that is needed Times when you have to assert your authority more Allocating critical work. Who to choose? Needing to get extra effort from the team when underpressure Incentivising Delegation Having to deal with under-performers Personality clashes between work colleagues Managing a meeting with senior leaders

From translating the patient’s medical records and test results to providing recommendations, the neuropsychological evaluation incorporates the science and practice of neuropsychology, neurology, and psychological sciences. The Little Black Book of Neuropsychology brings the practice and study of neuropsychology into concise step-by-step focus—without skimping on scientific quality. This one-of-a-kind assessment reference complements standard textbooks by outlining signs, symptoms, and complaints according to neuropsychological domain (such as memory, language, or executive function), with descriptions of possible deficits involved, inpatient and outpatient assessment methods, and possible etiologies. Additional chapters offer a more traditional approach to evaluation, discussing specific neurological disorders and diseases in terms of their clinical features, neuroanatomical correlates, and assessment and treatment considerations. Chapters in psychometrics provide for initial understanding of brain-behavior interpretation as well as more advanced principals for neuropsychology practice including new diagnostic concepts and analysis of change in performance over time. For the trainee, beginning clinician or seasoned expert, this user-friendly presentation incorporating “quick reference guides” throughout which will add to the practice armamentarium of beginning and seasoned clinicians alike. Key features of The Black Book of Neuropsychology: Concise framework for understanding the neuropsychological referral. Symptoms/syndromes presented in a handy outline format, with dozens of charts and tables. Review of basic neurobehavioral examination procedure. Attention to professional issues, including advances in psychometrics and diagnoses, including tables for reliable change for many commonly used tests. Special “Writing Reports Like You Mean It” section and guidelines for answering referral questions. Includes appendices of practical information, including neuropsychological formulary. The Little Black Book of Neuropsychology is an indispensable resource for the range of practitioners and scientists interested in brain-behavior relationships. Particular emphasis is provided for trainees in neuropsychology and neuropsychologists. However, the easy to use format and concise presentation is likely to be of particular value to interns, residents, and fellows studying neurology, neurological surgery, psychiatry, and nurses. Finally, teachers of neuropsychological and neurological assessment may also find this book useful as a classroom text. “There is no other book in the field that covers the scope of material that is inside this comprehensive text. The work might be best summed up as being a clinical neuropsychology postdoctoral residency in a book, with the most up to date information available, so that it is also an indispensable book for practicing neuropsychologists in addition to students and residents...There is really no book like this available today. It skillfully brings together the most important foundationsof clinical neuropsychology with the 'nuts and bolts' of every facet of assessment. It also reminds the more weathered neuropsychologists among us of the essential value of neuropsychological assessment...the impact of the disease on the patient's cognitive functioning and behavior may only be objectively quantified through a neuropsychological assessment.” Arch Clin Neuropsychol (2011) first published online June 13, 2011 Read the full review acn.oxfordjournals.org

A helpful guide to assessing one’s personal entrepreneurial aptitude, written for anyone seriously considering starting a business of any kind, includes interviews with successful entrepreneurs, real-life anecdotes and case studies, and a look at fourteen important failure factors that hinder success.
