Students of today long to make a difference -- in order to do that they need something true, something real, something called Max Q.

Maximum Quotient: It is the point in time when a rocket's speed is the highest and air pressure is at its extreme. It is what young Christians feel during their teenage years. Pulling from many years of successful youth ministry, Stanley and Hall introduce youth leaders to a new realm of youth ministry through this dynamic new plan. This life-changing book helps students learn how to influence their peers -- both saved and unsaved -- without being negatively influenced themselves. Youth leaders will learn about: A Ministry of Influence, Jesus & Influence, Maximum Dynamic Pressure, Setting Standards, Establishing Priorities, Maintaining Accountability, Unconditional Acceptance, Sustaining Influence, Using Leverage, and Partnering with Parents.

Properly crafted and individually tailored feedback on student work boosts student achievement across subjects and grades. In this updated and expanded second edition of her best-selling book, Susan M. Brookhart offers enhanced guidance and three lenses for considering the effectiveness of feedback: (1) does it conform to the research, (2) does it offer an episode of learning for the student and teacher, and (3) does the student use the feedback to extend learning? In this comprehensive guide for teachers at all levels, you will find information on every aspect of feedback, including

- Strategies to uplift and encourage students to persevere in their work.
- How to formulate and deliver feedback that both assesses learning and extends instruction.
- When and how to use oral, written, and visual as well as individual, group, or whole-class feedback.
- A concise and updated overview of the research findings on feedback and how they apply to today's classrooms.

In addition, the book is replete with examples of good and bad feedback as well as rubrics that you can use to construct feedback tailored to different learners, including successful students, struggling students, and English language learners. The vast majority of students will respond positively to feedback that shows you care about them and their learning. Whether you teach young students or teens, this book is an invaluable resource for guaranteeing that the feedback you give students is engaging, informative, and, above all, effective.

Practical "you-can-do-it" steps help teens live out and grow in their faith. Stanley draws from his years of successful youth ministry to create a work that will have eternal impact.

Personalized Learning: A Guide for Engaging Students with Technology is designed to help educators make sense of the shifting landscape in modern education. While changes may pose significant challenges, they also offer countless opportunities to engage students in meaningful ways to improve their learning outcomes. Personalized learning is the key to engaging students, as teachers are leading the way toward making learning as relevant, rigorous, and meaningful inside school as outside and what kids do outside school: connecting and sharing online, and engaging in virtual communities of their own. Renowned author of the Heck: Where the Bad Kids Go series, Dale Basye, and award winning educator Peggy Grant, provide a go-to tool available to every teacher today—technology as a way to “personalize” the education experience for every student, enabling students to learn at their various paces and in the way most appropriate to their learning styles.

Your character, more than anything else, will impact how much you accomplish in this life. It is more important than your talent, your education, your background, or your network of friends. Andy Stanley helps you chart a course toward becoming a man or woman of character. You'll discover a definition of character that will inspire you for a lifetime, the external and internal benefits of strong character, the six false beliefs behind negative behaviors, and more. Using practical insights, biblical exposition, and engaging stories, Stanley guides you step-by-step in setting the personal goals that will build the foundation for true success. The Secret to a Life with No Regrets How important is your character? It determines everything about you! How much you will accomplish in life, and whether you are worth knowing. How you will respond to success, and how you will weather the inevitable storms of life. This is a book about uncompromised living. It is about choosing every day to be a man or woman of integrity, a person whose actions speak louder than words. Bestselling author Andy Stanley challenges you to become what you were meant to be: a person whose commitment to doing the right thing, whatever the cost, will inspire others and change your world. Story Behind the Book As a pastor, I spend a substantial amount of my time with people who are digging themselves out from personal environmental catastrophes—circumstances that were often years in the making but “took them by surprise.” Another group of people have faced, or are facing, storms of life that are not of their own making, storms created by the character deficits of others—storms that are a natural part of a fallen world. There, in the midst of unjust treatment and seemingly undeserved pain, the true character of a man or woman is revealed. What you see in such moments is what was really there all along. This book is about change. It’s about the process of taking raw materials and molding them, shaping them, and refining them into a finished product. Whether you know it or not, that process is happening in you. Your character, not your accomplishments or acquisitions, determines your legacy.
