This book provides an overview of the changes of the Second-Language Learning discursive formation and the Identity discursive formation in Russian history. It proposes an explanatory model in which small-scale linguistic detail is joined with larger-scale language units in order to illuminate matters of cultural importance in their linguistic

guise.

Advances in Formal Slavic Linguistics 2018 offers a selection of articles that were prepared on the basis of talks presented at the conference Formal Description of Slavic Languages (FDSL 13) or at the parallel Workshop on the Semantics of Noun Phrases, which were held on December 5–7, 2018, at the University of Göttingen. The volume covers a wide array of topics, such as situation relativization with adverbial clauses (causation, concession, counterfactuality, condition, and purpose), clause-embedding by means of a correlate, agreeing vs. transitive ‘ need ’ constructions, clitic doubling, affixation and aspect, evidentiality and mirativity, pragmatics coming with the particle *li*, uniqueness, definiteness, maximal interpretation (exhaustivity), kinds and subkinds, bare nominals, multiple determination, quantification, demonstratives, possessives, complex measure nouns, and the NP/DP parameter. The set of object languages comprises Russian, Czech, Polish, Bulgarian, Macedonian, Serbo-Croatian, and Torlak Serbian. The numerous topics addressed demonstrate the importance of Slavic linguistics. The original analyses prove that substantial progress has been made in major fields of research.

and culture' sections and a continuous story provides rich reading material while stimulating students' imaginations. There is a variety of exercises where students can work to their own level, making the course ideal for mixed ability classes. Coursework activities per module allow students to build up portfolios of work while online 'Infoquests' send students on a journey of discovery in English.

The Stage 9 Workbook supports and supplements the Stage 9 Student Book, with engaging exercises to support the curriculum framework. It provides summary notes for the theory required, extra questions for students to practice and apply the skills and knowledge they have gained, and space for pupils to write their answers in. The Stage 9 Teacher's CD provides a range of resources to assist in the teaching of the course, including interactive class activities to engage all your students, right across the ability range, revision activities to aid student retention, supplementary worksheets to support lower ability students and stretch more able learners, and answers to all the exercises in the Stage 9 Student Book and Workbook.

From Richard Pevear and Larissa Volokhonsky, the highly acclaimed translators of *War and Peace*, *Doctor Zhivago*, and *Anna Karenina*, which was an Oprah Book Club pick and million-copy bestseller, *The Eternal Husband and Other*

Stories brings together five of Dostoevsky ' s short masterpieces. Filled with many of the themes and concerns central to his great novels, these short works display the full range of Dostoevsky ' s genius. The centerpiece of this collection, the short novel *The Eternal Husband*, describes the almost surreal meeting of a cuckolded widower and his dead wife ' s lover. Dostoevsky ' s dark brilliance and satiric vision infuse the other four tales with all-too-human characters. *The Eternal Husband and Other Stories* is sterling Dostoevsky—a collection of emotional power and uncompromising insight into the human condition.

This book is dedicated to Anna Siewierska, who died, far too young, in 2011. It contains 15 contributions by 20 linguists who may be counted among the foremost scholars in the field of linguistic typology. All of these articles discuss a topic that is prominent in Anna's work, whose journal articles and monographs on the passive, on word order, and on the category of person are standard literature in these respective fields. Mindful of Anna's last monograph, *Person*, the majority of the contributions in this volume discuss free and bound person forms, argument indexing, reference tracking systems, impersonals, and related issues, such as suppletion and incompleteness in person paradigms, the origin of referential systems, dependent versus independent marking, and referential hierarchies. Other topics are grammatical alignment, grammatical voice, ditransitives, and word order. Most of the contributions take a broad, typological perspective. Others give a more in depth treatment, based on data from a specific language, notably Spanish, Russian, Mandinka, and Mohawk. The book contains a complete bibliography of Anna Siewierska's linguistic production.
