financially clueless millennial needs to become a money master. So what are you waiting for? Let's #GYFLT!

From America's most trusted financial advisor comes a comprehensive guide to a new and utterly sane financial choice. In *Die Broke*, you'll learn that life is a game where the loser gives his money to Uncle Sam at the end. There are four steps to the process: Quit Today No, don't tell your boss to shove it...at least not out loud. But in your head accept that from this day on you're a free agent whose number one workplace priority is your personal bottom line. Pay Cash You should be as conscious of spending as you are of saving. Credit should be a rarely used tool for those few times (buying homes and cars) when paying cash is impossible. Don't Retire Your work life should be a journey up and down hills, rather than a climb up a sheer cliff that ends with a jump into the abyss. *Die Broke* It sounds terrifying, the one intolerable outcome to your financial life. And yet, in truth, dying broke might be your best option for a life without fear: fear of failure and privation now, fear of impoverishment in the long run.

cost as possible? Then this is the book for you. Whether you've written for fun or profit, in this how-to manual you will discover the cheapest way to publish your book. Inside these pages are guidelines on publishing your book, and how much it should cost you. At the end of chapters are blank pages for you to reflect, make notes but most importantly for you to record your dreams and ambitions.
